

LPG™ SYNERGY SERIES PARTNERS PROGRAM

BUY IT ONCE

LPG™ Portable, Low Pressure Proportioner Package
 VS
 High Pressure, Heated, Proportioning Equipment

SPI account examples, listed on the chart, spent more than **\$5,000 on parts per truckload** of product to maintain their high pressure, heated, proportioning equipment.

Upon purchase of the **Synergy Series** equipment package, **Synergy Series Partners will receive all repair, and consumable parts* at no additional cost.** (terms & conditions on reverse side)

PARTS COST COMPARISON CHART

Representative Market Sector Industry Examples	Polyurethane Foam & Polyurea Coating Annual Gallons Consumption	High Pressure Proportioner Annual Parts Expenditure	High Pressure Proportioner Parts Cost Per Gallon	LPG™ Proportioner Synergy Series Partners "Buy It Once" Program - Per Annum Parts Cost
OEM Manufacturer	33,567	\$ 28,076	\$ 0.84	\$ 0
Spray-in Bed Liner Dealer	7,634	\$ 23,340	\$ 3.19	\$ 0
Oil Field Contractor	14,500	\$ 15,569	\$ 1.07	\$ 0
Spray Foam Contractor	4,600	\$ 11,121	\$ 2.42	\$ 0

ROI – In each of the examples the amount spent on parts in approximately six months would have paid for a complete LPG™ equipment package. This versatile, lightweight spray foam and polyurea coating proportioner offers true mobility for a fraction of the investment versus traditional high pressure equipment.

The LPG™ proportioner weighs approximately 80 lbs., uses a standard 110 volt power source, and provides low to medium product output.

***See terms & conditions for a list of consumable parts.**

SYNERGY SERIES PARTNERS INCENTIVE PROGRAM

After the initial purchase of the **Synergy Series** equipment package, **Synergy Series** Partners will receive all repair, and consumable parts at no additional cost.

TERMS AND CONDITIONS

The original purchaser of SPI's **Synergy Series** LPG™ Gear Pump Proportioner is eligible to become a member of the 'Synergy Partners Incentive Program' by purchasing \$5,000.00 of SPI's **Synergy Series** Products per month. If monthly purchase goal has not been met, the Partner shall have 30 days in which to remedy the shortfall. If one month's goal is exceeded, the surplus shall be credited toward the following month's goal. The original purchaser's account with SPI must be current.

As long as the original purchaser of the **Synergy Series** LPG™ Gear Pump Proportioner purchases the amount of SPI's **Synergy Series** Products described above, all parts of the LPG™ Proportioning System will be repaired, or replaced if necessary, at no charge (see below exceptions).

The original purchaser shall ship, pre-paid, the defective or non-performing part(s) to SPI's facility in Lakewood, Washington for verification of the claimed defect or malfunction.

If SPI's inspection of the returned part(s) discloses that the part(s) were damaged by faulty installation, abuse, misapplication, abrasion, corrosion, inadequate or improper maintenance, negligence, accident, tampering, use of non-SPI **Synergy Series** Products, or the presence of gummy material or material that cannot be pumped, the affected part(s) **not covered** by the Synergy Partners program will be repaired and returned **at the original purchaser's expense**. Replacement and consumable part(s)* **covered** by the Synergy Partners program shall be sent to the original owner by a shipping method selected by SPI at its sole discretion. See SPI's Low Pressure **Synergy Series** LPG™ limited lifetime warranty document for further details.

THE FOLLOWING LIST OF PARTS* ARE THOSE CONSIDERED COMSUMABLES. 1 EACH IS AVAILABLE PER MONTH TO THOSE ELIGIBLE FOR THE SYNERGY SERIES PARTNERS INCENTIVE PROGRAM AS OUTLINED ABOVE:

- **A & B DrumQuick Assemblies 1 ea.**
- **20-Mesh Filter Screens 1 ea. @ 3/pkg.**
- **Product and Check Valve Kit 1 ea. @ 2/pkg.**
- **A & B Drum Insert Assemblies 1 ea.**
- **12 ea. Choice Static Mixers per Qualified Set of Synergy Series product**
